

PROPOSAL 30

5 AAC 84.270. Furbearer trapping.

Shorten the wolf trapping season in Units 9 and 10 as follows:

Unit 9: August 10 – [JUNE 30] **April 30** No limit

Unit 10: November 10 – [JUNE 30] **April 30** No limit

What is the issue you would like the board to address and why? Need to shorten the wolf trapping season. Trapping after April 30 for wolf will let trappers harvest during the denning season. This brings unwanted attention from anti-hunting and trapping groups. Units 9 and 10 are the only units that extend into the denning season. This regulation allows for the taking of cubs during this time frame.
