## Grizzly Hunting

• 5h •

I made my fifth trip to Kodiak island this spring first trip 2006 killing a 9 foot nice hided bear, 2nd trip in 2011 harvesting 9'6" bear. Then I had two trips looking for a bigger legit 10 foot bear I came home empty.... but had plenty of opportunity to fill my tag. Finally spring of 2021 the Lord blessed me and I found my bear! 10foot and a skull over 28". It has been quite a journey with lots of memories, big bear hunting gets in your blood. Thanks for reading my post.

How does a person draw Kodiak 5 times? It took me 10 years to draw it once? Man these outfitter concessions have got to come to an end this isn't right. I congratulate you, it's just doesn't sit well knowing I may never draw again unless I pay for an guide.
