

PROPOSAL 121

5 AAC 85.045. Hunting seasons and bag limits for moose.

Establish an early archery only moose hunt in Unit 15C to align with Units 15A and 15B as follows:

Establish an early season, archery only hunt in Unit 15C to run concurrent with the existing archery hunts in Units 15A and 15B.

What is the issue you would like the board to address and why? Units 15A and 15B have an early archery only moose season on the Kenai Peninsula. There is no reason not to extend this to Unit 15C. This would bring the entire unit into the same regulations. This would also negate the occasional incident where hunters unknowingly shoot a moose in Unit 15C during the archery season.
