

**PROPOSAL 122**

**5 AAC 85.045. Hunting seasons and bag limits for moose.**

Establish an early, archery only registration moose hunt in Unit 15C to align with Units 15A and 15B as follows:

This is a proposal to establish an early archery only season for moose in Unit 15C. This would be a registration hunt. The dates should reflect the dates for Unit 15A and 15B.

**What is the issue you would like the board to address and why?** Absence of an archery season in Unit 15C for moose. Justification: Units 15A and 15B already have an archery only season and this would simply complete and make consistent this season for the rest of Unit 15.

**PROPOSED BY:** Joseph Brewer
