

The Board of Game does not have authority to add trapping licenses to the Alaska Resident Disabled Veteran License program. It would require the legislature to change to Alaska Statute 16.05.341.

PROPOSAL 190

Solution: include trapping license as part of the Alaska Resident Disabled Veteran Licenses program.

What is the issue you would like the board to address and why? Issue: Disabled Veterans Hunting/Fishing License.

Why: Currently the Alaska Resident Disabled Veteran License does not include trapping. After speaking with ADF&G there was no knowledge of why this is. It would certainly make sense and add benefits to Alaska's disabled Veterans if this could be included in the free license at no cost to the Veteran.
