

The Board of Game does not have authority to regulate transporter activity.

PROPOSAL 192

Transported hunts in Unit 8 shall be from October 25 - November 30 and January 1 to May 15.

What is the issue you would like the board to address and why? There are too many transporters in Unit 8 during the fall deer season. It is dangerous to hunt for Kodiak Island residents in many bays at risk of getting shot from October onward. Money and money opportunity is taking precedence over subsistence. You can eat deer but you can't eat money.
