Re: RC Submission

Dear ADF&G Boards of Support,

Please accept this RC and make the following changes and additions to our proposals #149-#153. In the Solution and Regulatory language sections, please change the “size 3 leg-hold marten traps in boxes” to “leghold size 1½ or smaller traps,”

Add: “Private property owners have the right to allow or disallow trapping on their property.”

Add: “Removal of nuisance animals in the proposed areas may be authorized by governing agencies, law enforcement or for scientific purposes.”

We realize that we have already made one change and have had expert advise on the most appropriate language to achieve our goal.

Thank you for your time,

The Cooper Landing Safe Trails Committee
