

Amy O'Connor

Palmer, AK 99645

Dear Board of Game,

March 17, 2023

I am in full support of proposal #203 for antlerless moose in Kincaid Park in Anchorage (Unit 14C) for hunters that meet the 70% disabled standard and require a mobility device like a wheelchair or prosthetic limbs to get around.

Alaska is one of the few states that currently does not offer hunting opportunities for disabled individuals. With the abundance of outdoor recreation, adaptive sports and organizations such as Challenge Alaska operating in Alaska it is very inequitable that the state does not offer accessible hunts to non-veterans that are disabled. This hunt, in Kincaid park area, would solve both an equity and a public safety issue by serving to safely reduce the number of aggressive moose in the area.

Thank you for your support,

A handwritten signature in black ink that reads "Amy O'Connor".
