

PROPOSAL 123

5 AAC 85.056. Hunting seasons and bag limits for wolf.

Lengthen the wolf hunting season by approximately six weeks as follows:

Currently:

Wolf- Ten Aug 1- April 30

Proposed:

Wolf- Ten Aug 1- June 15

What is the issue you would like the board to address and why? Over the past few years we have seen an increase in predation on moose and sheep by several very large packs of wolves and multiple singles. A change to the wolf season dates allowing for more opportunity while hunting other species will help increase ungulate populations.
