Dear Reviewer,

September 2026

The Alaska Board of Game (board) will consider the enclosed regulatory proposals during the board meetings scheduled **for January and March 2027**. The proposals primarily concern changes to hunting and trapping regulations pertaining to the Interior, Western, and Arctic areas of the state, covering Game Management Units 12, 18, 19, 20, 21, 22, 23, 24 ,25 and 26. It also includes proposals for annual reauthorizations for antlerless moose hunts and brown bear tag fee exemptions.

The proposals have been submitted by members of the public, organizations, advisory committees, ADF&G, and other agencies. With the exception of minor edits and clarifications, the proposals are published essentially as they were received, with the insertion of the appropriate Alaska Administrative Code citation and a brief description of the action requested. The proposals are often presented as brief statements summarizing the intended regulatory changes. Proposed changes are also often written in legal format for which bold and underlined words indicate **additions** to the regulation text, and capitalized words in square brackets indicate [DELETIONS].

Readers are encouraged to view all proposals in both proposal books as some proposals may affect other regions and units. Proposals are grouped by each meeting to which they pertain (see Proposal Indices). The proposals are listed in the tentative order in which they are expected to be considered during the meeting. The final order of all proposals to be deliberated on, also known as the “roadmap,” will be available approximately two weeks prior to the meetings.

Public Comment Requested: Before taking action on these proposed changes to the regulations, the board would like to consider your written comments and/or oral testimony on any effects the proposed changes would have on your activities and interests. The board relies heavily on written comments and oral testimony explaining the effect of the proposed changes. Public comments, in combination with advisory committee comments and ADF&G staff reports, provide the board with useful biological and socioeconomic data to form decisions. Anyone interested in or affected by the subject matter contained in the proposals scheduled for the January and March 2027 meetings are encouraged to provide written or oral comments if they wish to have their views considered by the board.

Written comments can be submitted to the board by the announced deadlines as follows:

Online: www.boardofgame.adfg.alaska.gov

Fax: 907-465-6094

Mail: ADF&G Boards Support Section
ATTN: Board of Game Comments
P.O. Box 115526 | Juneau , AK 99811-5526

Comments received by the announced deadlines will be included in the board meeting workbooks and posted on the meeting website for public viewing in advance of the meetings. Comments can also be submitted once the meeting begins. **Please review the additional information for providing written comment and oral testimony to the board on page v.**

Meeting information, documents, and a link to the audio is available through the Board of Game website at www.boardofgame.adfg.alaska.gov or through the ADF&G Boards Support Section. Please watch the website for notices and updates closer to the meeting dates, or sign up at the same link to receive notices about the Board of Game.

To learn what actions the board took on proposals, a preliminary summary will also be posted on the meeting website during each meeting. Afterwards, to understand the board's decisions, a detailed summary will be provided which will direct viewers to the audio recording for the board discussion for each section of proposals.

Persons with a disability needing special accommodations in order to comment on the proposed regulations should contact the Boards Support Section at (907) 465-6098 at least two weeks prior to the scheduled meeting to make any necessary arrangements.

Thank you for your interest and involvement with the Alaska Board of Game and the regulatory process.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kari Winkel", is positioned above the printed name.

Kari Winkel, Executive Director

Guidelines for Written Comments and Public Testimony

The Board of Game (board) relies heavily on information provided by the public. Explaining the effect of the proposed changes help inform the board members for their decisions on the hundreds of proposals scheduled for consideration each year. The following information provides guidelines and helpful tips to be effective with submitting written comments and oral testimony.

GUIDELINES FOR WRITTEN COMMENTS

Timely submission: Written comments are strongly encouraged to be submitted online at <https://boardofgame.adfg.alaska.gov>, by the set deadline for each meeting, usually two weeks in advance. Comments can be submitted on an online form that will allow comments to be uploaded as a file or entered manually. Boards Support does not accept comments for board meetings via email.

Comments received by the deadline are provided to the board and the public on the meeting information webpages in advance of the meeting. Each public and advisory committee comment is indexed, assigned a public comment ("PC") or advisory committee ("AC") log number, and cross-referenced with proposals. Comments are public documents and part of the board record.

Tips for Commenting on Proposals:

- Please provide your name and community of residence.
- Clearly state the proposal number and your position by indicating "support" or "oppose". If the comments support a modification in the proposal, please indicate "support as amended" and provide your preferred amendment in writing.
- Briefly explain why you support or oppose the proposal to help the board members understand the pros and cons of each issue. Board actions are based on a complete review of the facts involved, not the sum of total comments for or against a proposal.
- For advisory committees (AC), meeting recommendations should reflect why the AC voted as it did. If the vote was split, include the minority opinion. A brief description consisting of a couple sentences is sufficient.
- If including graphs or charts, please indicate the source.
- If using acronyms, please state what the acronym stands for.
- Page limits: For on-time comments, up to 100 single-sided pages or 50 double sided pages from any one individual or organization; during the meeting, comments are limited to 10 single-sided pages or 5 double sided pages.
- If commenting on multiple proposals, please do not use separate pieces of paper.
- If handwriting comments, write clearly, use dark ink and write legibly. Comments will be scanned and photocopied so please use 8 1/2" x 11" paper and leave reasonable margins.

Comments submitted as Record Copies: Once a board meeting has been convened, written comments will be accepted via online form, fax, or hand-delivery. Comments received by Boards Support during the meeting will be logged with a record copy ("RC") number and distributed to the board members two to three times each day. Comments submitted during a board meeting are limited to ten single-sided pages. As a practical matter, comments submitted during the meeting are likely to receive less consideration from the board than those submitted by the deadline.

GUIDELINES FOR ORAL PUBLIC TESTIMONY

Oral hearings are scheduled at the beginning of each regulatory meeting, typically following agency reports, and continue until everyone who has signed up by the announced deadline and is present when called has been given the opportunity to be heard. Advisory Committee (AC) and Regional Advisory Council (RAC) representatives may elect to provide testimony at a later portion of the meetings.

Persons planning to testify at Board of Game meetings must sign up with the Boards Support staff prior to the announced cut-off time. If submitting written or visual content at the meeting to accompany oral testimony, please review the guidelines for submitting written comments.

Once the oral hearing portion of the meeting begins, Boards Support staff will prepare and post a list of testifiers. The chair will call testifiers in the order provided on the list. When it is your turn to testify, please go to the testimony table, press the button on the microphone, and state your name for the record, where you reside and whom you represent, if speaking for an organization. When giving testimony, be sure to reference the proposal number as well as the title or subject matter, and the public comment or record copy log number for any written material accompanying your testimony if applicable. Follow the tips for written comments shown on the previous page.

The board utilizes a light indicator system for timing testifiers. When you begin your testimony, a green light will come on. When you have one-minute remaining, a yellow light will come on followed by a red light or buzzer to indicate your time is up. When you are finished speaking, please stay seated and wait for any questions board members may have regarding your comments. Be aware that when you testify, you may not ask questions of board members or of agency staff. This is your chance to make comments on proposals before the board. If board members and/or department staff need clarification, they will ask you questions. **Please do not use derogatory or threatening language or you will not be allowed to continue speaking.**

The board allows up to two testimonies in any combination of the following, with only one testimony allowed per option: personal testimony, testimony on behalf of an organization, or testimony on behalf of an AC. Each testimony is allotted its own time. If you are providing more than one testimony, you only need to sign up once, entering your name and listing any organization or AC you are representing. Please see Board Support Staff for guidance if needed. When giving more than one testimony, state on the record who you are speaking for before offering comments. For example, give comments for the organization you are representing, then clearly state that you are now testifying for yourself and provide your personal comments.

The length of testimony time will be announced on the agenda prior to each meeting and stated by the board chair at the beginning of the meeting. The board typically allows five minutes for oral testimony for an individual or organization and 15 minutes for ACs and Regional Advisory Councils. Time limits on testimony do not include questions the board members may have for you. Preparing and practicing your testimony ahead of time will help ensure you stay within the time limit, while making your points clear.

Note: Updates related to public testimony and submitting public comments will be provided via advisory announcement prior to each meeting. Please watch the board's website for any updates or sign up to receive announcements via email at <https://www.adfg.alaska.gov/index.cfm?adfg=process.emailsubscription>.

About the Board of Game & Advisory Committees

Alaska Board of Game

The Board of Game (board) is Alaska's regulatory entity authorized to adopt regulations to conserve and develop the state's wildlife resources and to allocate uses of those resources. This includes establishing open and closed seasons, areas for taking game, setting bag limits, and regulating methods and means. The board consists of seven members, serving three-year terms. Each member is appointed by the governor and confirmed by the Alaska State Legislature.

The board considers regulatory topics on a three-year cycle, holding two to three meetings each year to address proposed regulations on a regional basis. Each year, the board solicits proposals for new regulations and changes to existing regulations. Any individual or organization may submit proposals and offer oral and/or written testimony for the board's consideration. More information about the Board of Game members, process and meeting information is online at: <https://boardofgame.adfg.alaska.gov>

Fish and Game Advisory Committees

The local fish and game advisory committees (ACs) play a key role in the regulatory process for both fisheries and wildlife management. While the boards make the final decisions on proposed regulations, they rely heavily on ACs to offer their local knowledge on fish and wildlife issues of interest by submitting proposals and comments on proposals.

There are 84 ACs in the state; nearly all actively participate in the state regulatory process as well as the federal subsistence process. ACs have up to 15 members and many have community seats designated under regulation. AC members serve three-year terms and are elected by local community members. ACs begin meeting as early as September and throughout the board meeting cycle to review proposals and submit recommendations to the boards. Meetings are open to the public and meeting information is online at: <https://advisory.adfg.alaska.gov>, or from Boards Support Regional Coordinators.

Boards Support Regional Coordinators facilitate AC participation in the regulatory process by coordinating AC meetings and ensuring the ACs have the necessary information to be effective before the boards. Contact information for the Regional Coordinators can be found on the Boards Support staff listing on page xiii.

Long-Term Meeting Cycle

The Board of Game meeting cycle generally occurs from November through March. The board considers changes to regulations on a region-based schedule that cycle every three years. When the regional regulations are before the board, the following regulations are open for consideration within that region:

- Trapping Seasons and Bag Limits (5 AAC Chapter 84)- All species
- General and Subsistence Hunting Seasons and Bag Limits (5 AAC Chapter 85)- All species (Except antlerless moose hunts as noted below)
- Intensive Management Plans
- Closures and Restrictions in State Game Refuges
- Management Areas, Controlled Use Areas, and Areas Closed to Hunting and Trapping
- Changes to specific to Units or Regions under 5 AAC Chapter 92, excluding Game Management Unit Boundaries in 92.450

Proposals pertaining for the reauthorization of all antlerless moose hunts, 5 AAC 85.045, and all brown bear tag fee exemptions, 5 AAC 92.015, are taken up annually. Changes having statewide applicability to 5 AAC Chapters 92 and 98.005 listed on the following page and Game Management Units are considered once every three years at Statewide Regulations meetings.

The proposal deadline is May 1 every preceding year. Boards Support issues a “Call for Proposals” generally in January before the May 1 deadline, which will also specify which regulations are open for proposed changes.
