

ALASKA BOARD OF GAME
Resolution #80-24-GB

REGARDING ADVISORY COMMITTEE COORDINATORS

WHEREAS, the Board of Game has placed increasing reliance on advice from local Fish and Game Advisory Committees, and

WHEREAS, AS 16.05.780 requires affirmative action by local Advisory Committees before harvestable surpluses of cow moose can be hunted for any purpose including subsistence, and

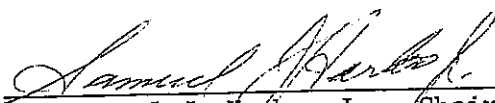

WHEREAS, rural Advisory Committees have unique problems in functioning effectively due to underdeveloped transportation and communication facilities, and

WHEREAS, an effectively functioning statewide Advisory Committee system will require direct assistance to local Fish and Game Advisory Committees from informed, qualified personnel,

NOW THEREFORE BE IT RESOLVED that the Alaska State Legislature is respectively requested to provide adequate funding to hire regional Advisory Committee coordinators, and support the extensive travel such jobs will require, for the purpose of improving information available to local Advisory Committees, educating communities about administrative legal processes, and improving the ability of Advisory Committees to represent their communities.
